

**HELPING HANDS OUTREACH PROJECT COMMENTS
SATURDAY, OCTOBER 25, 2008**

"I love this church, it has opened opportunities for my family that has helped us to grow as a family of servants."

"Church is not all about inside the church walls singing, dancing, and shouting. It also involves the greater work of feeding the sheep by providing what they need. Our recipient was grateful and my children saw that as well through Ms. Jackson's words and more through giving a gift back to MBCC."

"We enjoyed helping and serving at the home we went to. We also enjoyed listening to all of the history of her and her family".

"Today represented the true church and its ministry. Helping Hands and Hearts is one activity which verifies MBCC as a "servant church".
